EDUCATION

Georgia Institute of Technology

Bachelor of Science in Computer Science: Intelligence/Theory, Minor: Financial Technology

GPA: 3.81

Relevant Coursework: Automata & Complexity, Robotics and Perception, Machine Learning, Advanced Algorithms, Objects & Design, Combinatorial Analysis, FinTech & Crypto Tokens

Atlanta, GA

Class of 2025

Marjory Stoneman Douglas High School

Valedictorian, High School Diploma

Rank: 1/850, GPA: 5.5/4.0, National Merit Finalist, National AP Scholar

Parkland, FL

Class of 2022

EXPERIENCE

Pursuant Health

Lab Embedded Software Engineer Intern

Atlanta, Georgia

May 2024 - Present

- Developed a ROS-based node interface in C++ with over 10 nodes to control gantry movement and capture retinal images for kiosks providing eye health assessments, reducing clinic visits by up to 60%
- Integrated a pupil-tracking neural network, achieving 95% accuracy, and implemented serial communication for precise alignment and image acquisition

PROGRAMMING PROJECTS

Easter Dating

April 2025

- Led development of a full-stack web app with 20+ features: Easter date calculator, glossary, user login
- Built with Flask and MongoDB; integrated a Vite frontend for responsive user interface
- Delivered a full product to a real client in a 5-person Agile team over 2 semesters

Melodify

November 2024

- Programmed an ML tool to classify song genres and recommend tracks from user history
- Trained k-means and decision tree models on 100K+ songs and achieved 60%+ genre accuracy
- Designed a recommendation algorithm minimizing cross-entropy loss with a silhouette score: 0.45

Greenplate Meal Tracker

March 2024

- Utilized Java and Android Studio to develop a meal tracker application, implementing agile development

Minesweeper

December 2021

- Designed a full minesweeper game using C++, including flag and timer mechanics and 3 pre-set boards

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, JavaScript, CSS, C, C, C++
- **Tools:** Robot Operating System (ROS), Flask, MongoDB, Git, Android Studio, Linux, WSL, Docker
- **Certifications:** Microsoft Office Suite, Quickbooks, IC3 Spark, Mastercam, Fusion360, Rhinoceros 3D

COMMUNITY ENGAGEMENT & LEADERSHIP

Georgia Tech Climbing Club

Treasurer

Atlanta, GA

Sep. 2022 - Present

- Managed club finances, including collecting dues for over 150 members, preparing budgets of over \$15,000, and processing purchase requests for climbing gear and event expenses
- Organized and led presentations for funding requests from 3+ sources and maintained 100% accurate and transparent financial records for the club

Alpha Epsilon Pi Fraternity

Brother at Large

Atlanta, GA

Jan. 2023 - Present

- Served on executive board as an overseer of brotherhood relations and morale, boosting engagement by 20%
- Acted as a proponent for positive mental health of the fraternity, leading 5 events throughout the year

Competitive Programming at Georgia Tech

Team Competitor

Atlanta, GA

Sep. 2022 - May 2023

- Collaborated with a team to solve complex algorithmic challenges and fine-tune problem-solving and coding skills
